INSTALLATION INSTRUCTIONS

1. Cut out the shaded area of the installation template. Center the template on the longitudinal axis of the plenum and attach with tape. Trace the hole pattern for the unit and mark centers for mounting screws.
2. Cut opening for the unit. (If using a 2" hole saw, center over the area marked.)
3. Attach the unit to the air duct using the four self tapping sheet metal screws provided
4. Remove the cover from the unit by removing the top and bottom retaining nuts using a 11/32 size nut driver
5. Remove germicidal lamp holder using a 11/32 size nut driver
6. Slide germicidal lamp into lamp opening and reinstall lamp holder
7. Plug lamp into lamp connector
8. Supply power by wiring the unit
9. Replace and secure cover using the two retaining nuts

SAFETY INSTRUCTIONS

- READ AND FOLLOW ALL INSTRUCTIONS.
- Minimum living space for this product is 1,200 square feet.
- Always be sure the unit is unplugged during installation or service procedures.
- The ultraviolet light produced by the UV lamp is harmful to your eyes. Do not look directly at the lamp. Should it become necessary to view the lamp, use UV-protected sunglasses.
